XVI. <u>PUBLIC PARTICIPATION</u>	Public Participation
1. My concern is to keep my children safe. I strongly believe keeping the masks up for a little longer in the school environment will save us a lot of grief in the future. I look forward to the day we can be without a mask, but I do not believe we are quite there yet. I fully support maintaining masks for as long as necessary.	
2. In regard to the anticipated federal funds for 3 and 4 years old programs, did any local providers accept the request for proposal (RFP) from the district? Thank you.	
3. How can I see my daughter's grades? I don't know how to do that thank you so much.	
4. Why is my kid still wearing a mask at school when they don't have to wear it anywhere else in Nassau County? Let the parents decide their own child's safety and if they should wear a mask or not. The school district should get back to more important things like my child's education.	
5. I was wondering why bus service is not offered for the middle school children. Many of the surrounding district offer bus service through high school. Kids in the middle school are as young as 10 and 11 and are expected to cross busy streets to get to and from school.	
6. Not a question, just a thank you for making this difficult and confusing time as simple as possible. I appreciate you keeping our district functioning with a clear vision and appreciate not needing to flip back and forth between policies which leave parents and children confused. Thank you (Board of Ed and district administration) for all of your dedication to our district during such trying times.	
7. What is the time frame for 4th grade being taught essay writing? I have posed this question to my child's teacher and did not receive an appropriate enough answer. I also attempted to reach out to the principal and never received a response. I also fully support the mask initiative. I believe it is the best way to keep out children and faculty safe.	
8. This is not a question. A lot of parents that want to remove the mask mandates are very vocal and we respect their position. But there's a part of us other parents who have immunocompromised family members or that just cannot afford to be sick because of other people choosing not to wear the mask. This is a matter of public health, let's be considerate to other people are at a higher risk of getting severely sick. My 2 year old son can't be vaccinated yet, and I would like for their grandma to spend time with them without risking her own health, as a cancer survivor.	

Y Y Y	Y	Y	 When will we be ending these ridiculous mask mandates, that do nothing for our children, other than damage social development and prevent proper oxygen exchange? They are simply a talisman, to make people 'feel' safe. It is NOT scientific or just, it's abuse! Thank you for all that you do to keep our children safe. Concerned resident and parent of the school district asked the question how come no one from the high school responds back to her in a timely matter when she calls. Concerned resident and parent of the school district was concerned of why there was an administrator at their school district during an away basketball game appearing to be rude to some of the Malverne team players. The resident was also concerned of lack of water for the Malverne team players. Concerned resident of the district ask a question regarding masks ADJOURNMENT Jeanne D'Esposito motioned to adjourn the Regular meeting at 9:31pm Seconded by Laura Avvinti 5 Yes, 0 No Motion Carried Respectfully Submitted by Lisa Ridley District Clerk 	Approval of Adjournment
