SUBJECT: GRADING

Grading is considered a positive tool to indicate effort, achievement and development in each class or subject in which a student is enrolled. The Board of Education recognizes that the classroom teacher has the primary responsibility to evaluate students and determine student grades.

Grading System

The district shall use a uniform grading system provided below and in regulation 7212. Classroom teachers shall evaluate students and assign grades according to this policy and associated regulation.

- A. **Students in grades K-4:** Students/Parents in grades K-4 shall receive a standards-based report card four times per school year. Performance is rated on 1-4 scale.
- B. **Students in grade 5:** Students/Parents in grade 5 shall receive a numeric class grade in an intermediate report card four times a school year.
- C. **Students in grades 6-12:** Students/Parents in grades 6-12 shall receive a numeric class grade in a report card four times a school year.
- D. **Weighting:** Course weights will be determined based on the rigor of the course and/or the course's association with college/university credit. Course weight recommendations will be decided upon by a high school committee and recommendation made to the principal who in turn will make recommendations to the superintendent for further approval.

Course Cluster	Courses	Affiliation	Weight
Advanced Placement Courses:	1. AP Chemistry 2. AP Capstone Seminar 3. AP Capstone Research 4. AP World History 5. AP United States History 6. AP Language and Composition 7. AP Calculus AB 8. AP Calculus BC	Course curriculum and teachers are trained and approved by the College Board	Weight: 1.1

Higher-Level Courses	3. Honors by Distinction (English & Social Studies) Pre-Ap Courses		<i>*If additional Higher-Level Courses are added they will follow this policy.</i>
Band	1. Grade 9 (no additional weight) 2. Grade 10-12:	Band members participate in numerous additional 260 hours during the months of August-November.	Grade 9: Weight: 1.0 Grade 10-12 Weight: 1.05 Student must participate in NYSSMA State Evaluation to receive additional weight. Students in 10 th grade must perform at a level 3 or above. Students in 11 th grade must perform at a level 4 or above.

E. Class Rank

Students will be ranked for the sole purpose of determining the Valedictorian, Salutatorian, and Academic Leaders (or the Top 20 students in the grade). Two ranks are produced: a weighted and unweighted rank. All marks in middle school accelerated courses, 9th, 10th, & 11th grades are considered for purposes of ranking except Physical Education (PE). Remedial classes, resource room and any other noncredit courses or subjects that do not give a numerical grade are not part of the ranking process. Twelfth grade classes are included for the senior ranking at the midterm point.

Valedictorian and Salutatorian are chosen based on the weighted average and rank at the end of the seventh semester. To qualify as the Valedictorian or Salutatorian, the student must have attended Malverne High School for at least six (6) full semesters prior to the start of the 2nd semester of their senior year. (Entered prior to the completion of the 2nd semester of grade 9 with continued attendance through the 1st semester of senior year).

In the event of eligible students who have GPAs within one-tenth of a point from each other, Malverne High School will recognize co-valedictorians. If there are more than two eligible students within one-tenth of a point, co-valedictorians will be determined by taking the highest two averages computed to the thousandths of a point. Salutatorians will be determined using the same policy.

- F. **Superintendent's Determination:** The Superintendent of Schools is directed to develop, in accordance with the NYSED Commissioner's regulation paragraph (12) subdivision (d) of section 100.5, and clause (c) of subparagraph (i) of paragraph (7) of subdivision (d) of section 100.5, and subparagraph (ix) of paragraph (2) of subdivision (d) of section 200.4 of the Regulations of the Commissioner of Education, a process to implement Superintendent determination of graduation with a local diploma.

Grading shall be based upon, but may not be limited to, achievement, effort, and participation in classroom discussions and activities. Parents/guardians shall be provided a report card according to the schedule above regarding their child's progress. The use of marks and symbols will be appropriately explained.

Grading shall generally not be used for disciplinary purposes. Furthermore, academic sanctions may be imposed if the misconduct is related to academic performance (e.g. plagiarism, cheating on an exam, etc.)

All students are expected to complete the assigned class work and homework as directed. Students are also expected to participate meaningfully in class discussions and activities. If work is missed due to absence, the student is expected to make up the work. The student and/or the student's parent(s) or guardian(s) should discuss with the student's teacher an appropriate means of making up the missed work. With the exception of unexcused absences, every effort will be made to provide students with the opportunity and assistance to make up all work missed as a result of an absence from class.

Grading Systems Regulation

The Superintendent of Schools or his/her designee is directed to establish regulations and procedures consistent with this policy.
