

**SUBJECT: ANIMALS IN THE SCHOOLS**

The Board of Education recognizes that the study of living things is essential to effective instruction in the life sciences. The primary goals for demonstrations and investigations involving animals are to achieve an interest in and an understanding of the life processes, to demonstrate biological principles, and to teach proper care and handling of animals. Therefore, the Board requires that any such instructional activities, investigations, and projects be well-planned and adequately supervised, and be conducted with a respect for life and an appreciation of the health and safety of both animals and students.

The Board also recognizes that some students have a moral or religious objection to dissection or otherwise harming or destroying animals. In accordance with state law, students shall have the right to opt out of dissection activities, provided that the student performs an alternative project approved by the student's teacher. The objection must be substantiated in writing by the student's parent or guardian.

At the start of the school year, teachers of courses that include animal dissection shall give notice to the students in those classes of their opt-out rights and responsibilities under the law and this policy. Such notice shall be shared with parents of those students, and also be available upon request.

## **SUBJECT: GENDER NEUTRAL SINGLE-OCCUPANCY BATHROOMS**

All single-occupancy bathroom facilities in the district are designated as gender neutral. Signs designating gender neutral single-occupancy bathrooms must be posted on the wall next to the door of that bathroom facility.

A “single-occupancy bathroom” is as defined in Public Buildings Law §145(d) as “a bathroom intended for use by no more than one occupant at a time or for family or assisted use and which has a door for entry into and egress from the bathroom that may be locked by the occupant to ensure privacy.”

The Superintendent of Schools or designee is directed to post appropriate signage to implement this policy consistent with applicable laws. Handbooks, directional signs, memos, safety plans, and maps will also be updated as necessary.
